will make five or six buge volumes.

They embrace details of the work of the inspectors on the various cases under investigation, with affidavits.

The President has had the first portions of the report in his hands for several days, but, so far as known, has not yet had a chance to examine a full and complete copy, which he could discuss as a whole with his advisors, published reports to the contrary notwithstanding.

The enogramme is that the President is to read the report carefully and write a short intreduction of several hundred words of comment, after which it is to be given to the public. There is no reason to believe that this programme has been changed, and it is not thought the concluchanged, and it is not thought the conclu-sions of Mr. Bristow will be given to the public for several days to come.

According to his own account. Brown has had a hard time of it in his wanderings to and fro in an effort to evade justice.

He went to Mexico, but failed to find work there, and started for Honolulu by way of this city, but had no better fortune there on his arrival in his attempt to get employment.

He traveled under an assumed name all the time, but professed to have forgotten the numerous allases he used.

Since his arrival here he tried to obtain work at anything even as a day laborer, but the fites were against him and even that could not be secured. The inst money he claims to have had was stolen from him the other day, he says.

When Brown left New Holland he had a black mustache, now he is clean shaven. In a statement to the press after his arrest frown expressed a desire to be taken back to New Holland at once. A dispatch has been received here stating that regulation papers will be signed at once by Governor Nash of Ohio and that officers will start from Columbus at once to take him hads. will start from Columbus at a to take him back.
